

**Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

Yes. I live in a rural area, and other delivery people leave stuff at a neighbour. It s a four mile drive to collect stuff from the Post office when it gets taken back there. it also causes more work for the Post Office themselves, so leaving stuff with a neighbour makes good sense. This may not be so easy in a town, where people tend to be more isolated, but is very practical in rural areas, where we tend to all know our neighbours.

**Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**

No. It works well for other carriers, so it should be OK for the Post Office as well

**Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:**

No
