

**Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

No not in its present form. The proposal seeks to assume a bias in favour or acceptance and requires an opt out not to take part. The only way to opt out is by the display of a sticker which I consider to be both unsightly and displaying publically my decision to opt out. I consider this to be intrusive and an invasion of my privacy.

**Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**

See above.

**Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:**

It would appear you are minded to give approval in advance of any consultation.
