I feel that living in a Market 1 classified area means that I am severely restricted in terms of the price I have to pay for my broadband which is unfair, and is a failure of the market to stimulate competition meaning that BT has a monopoly in my area which is only 6 miles from a major city and is an exchange with high broadband usage

Question 5: Do you have any further comments to add in relation to remedies in Market 1 and Market 2?:

I feel that living in a Market 1 classified area means that I am severely restricted in terms of the price I have to pay for my broadband which is unfair, and is a failure of the market to stimulate competition meaning that BT has a monopoly in my area which is only 6 miles from a major city and is an exchange with high broadband usage. No
