Additional comments:

As a small grass farmstrip airfield we have an A/G radio for safety, If the costs for this licence goes up as proposed, we will most likely go non radio as the cost of £2600.00 would be ten times our income from visiting aircraft. I view this as just another government stealth tax.

Question 1: Do you agree with our proposed core principles of setting AIP? Are there additional matters that it would be helpful to clarify? :

Question 2: Do you agree that we should charge cost-based fees where AIP is not appropriate or AIP would not cover our costs? How do you think we should set cost-based fees in future fee reviews? Are there particular factors you think we should take into account, for specific licences fees or cost-based fees in general? :

Question 3: Do you agree with our proposed fee-setting methodology principles (set out below)? Are there additional matters that it would be helpful to clarify?:

Question 4: Do you agree with our proposal to move away from regular full-scale reviews to reviewing in response to evidence, as set out in Option 5?:

Question 5: Do you agree with our process for assessing the priority of future fee reviews? Are there other sources of evidence of misalignment between fees and spectrum value or spectrum management costs that you can think of, and what weight should we give them?:

Question 6: Based on our proposed criteria, or other criteria you would propose we use, what do you think our priorities for future fee reviews should be? Please tell us your reasons for thinking these should be prioritised. Do you agree that we should prioritise a fixed link fee, as some stakeholders have suggested to us? :

Question 7: Do you agree with our proposed approach to post-review evaluations? :
