Question 1: Do stakeholders agree that withdrawing the Topcomm Direction is the best option available given the evidence provided in the consultation?:

As part of the Cable&Wireless family of businesses, THUS offers high quality products, services and communications solutions to a broad range of organisations across all sectors of the mid market business arena.

We deliver easy to use voice, data, internet and mobile communication solutions and offer all the advantages and savings of a one stop supplier, with a product range that exceeds expectations. Our proven solutions enable office based, and mobile or flexible workers to integrate fully and securely with scalable, robust networks to deliver communication systems that work

THUS supports Ofcom's proposals to withdraw the TopComm Direction,. We believe that it is right that TopComm provides little benefit to the consumer market (which has other comparison information available) and the overheads in complying with the scheme outweigh the benefits to consumers or indeed the providers.
