Dear Helen

I was pleased to hear that Durham FM were looking to increase the level of local coverage and commercial viability. The relocation to Wessington Way and shared resources with Sun FM seems eminently sensible particularly in the current economic climate.

I welcome your continuing commitment to the people and communities of County Durham and, like you at Durham FM, would like to see this grow. With this in mind I would like to take this opportunity to thank you and the staff at Durham FM for the interest shown in the district of Chester le Street both inside and outside the District Council.

I have always found the approach taken by Durham FM to be polite, intelligent and constructive while still asking, quite rightly, the probing questions. We could certainly use more of this approach as a means of keeping local people and communities informed about issues which affect their daily lives.

Yours sincerely
