As a customer of reluctant Kingston Communications, I wish to voice my concern over Ofcom's intention not to place pricing controls upon KCs wholesale broadband offering.

I believe that in not placing said controls upon KC, Ofcom is not helping to ensure that KC operates a fair policy of access to its network. This perpetuates a monopoly environment, dissuades business, investment and innovation in Hull and the surrounding area.

I am formally petitioning you to establish sterner controls upon KC, and would appreciate your response to this.

I shall also be petitioning my local MP.
