Question 3: Do respondents agree with the approach set out by Ofcom for its market power assessment in Market 3 and its conclusion that there is no-SMP?

I would like a choice of which company I choose for broadband. I have no issue with the quality of broadband from Kcom in Hull, however, i could have it free and faster from my current use of Sky

TV, cheaper with my current mobile phone company O2, or cheaper from my current employer Tesco. These are just a few that are close to my everyday life without searching further to other companies who offer broadband. How can we not be offered a choice?

Question 5: Do respondents agree with Ofcom's proposals in relation to providing affected parties with a period of notice prior to the removal of certain SMP services conditions in Market 3? In particular do respondents agree with the proposed notice period and the proposed SMP service conditions to which the notice period applies?
