Question 1: Do respondents have any comments, additional to those made in their responses to the November consultation, on Ofcom's approach and conclusions on market definition as set out in Section 3 of this document?

Question 2: Do respondents have any comments, additional to those made in their responses to the November consultation, on Ofcom's proposed market power findings for the Hull area, Market 1 or Market 2?

I am a broadband user based in the KCOM area, when I decided to purchase broadband I found that I had the choice of only one supplier.

My main complaints are that other offers of potentially better and cheaper services that would otherwise be available to me were not. As an example I am a Sky subscriber and as such received notification of their broadband offering, however because of where I reside this offer is not open to me.

Secondly KCOM offer broadband services to other parts of the country which are potentially superior to their 'Karoo' offering which is the only service available to Hull residents.

Question 3: Do respondents agree with the approach set out by Ofcom for its market power assessment in Market 3 and its conclusion that there is no-SMP?

Question 4: Do respondents have any comments, additional to those made in their response to the November consultation, on Ofcom's proposed regulatory remedies for the Hull area Market 1 or Market 2?

Question 5: Do respondents agree with Ofcom's proposals in relation to providing affected parties with a period of notice prior to the removal of certain SMP services conditions in Market 3? In particular do respondents agree with the proposed notice period and the proposed SMP service conditions to which the notice period applies?
