i for one cant stand the sports and many more of my friends agree

Question 5: Do you consider that if Sky were to become the only provider of pay TV on the DTT platform it would be likely to have a significant detrimental effect on competition in the long term? How might this affect the development of other platforms for the delivery of pay TV services?:

yes i do and in the long term freeview would be squeezed out we lost film four lost men and motors lost abc one all we get are one hour repeats of the first four channels i think freeview is going down hill fast

yes i do

Question 10:If Sky becoming the only provider of pay TV services on the DTT platform were likely to have a significant detrimental effect on competition, do you consider that it is possible to address this through a set of additional conditions and/or directions? If so, what form should those conditions/directions take?:

freeview should stay freeview and payfor tv should stay away
