Question 4: Do you have any comments on our proposals to align with the draft Commission Decision relating to SRDs?:

Doing this will allow Flarm, an inexpensive, short range, and low power anti-collision system to be used which will offer great safety advantages going forward amongst the airborne glider community. The technology is mature and available and I commend any change to allow its use in the airborne environment as is allowed in rest of Europe where this device is widely utilised already.

Question 5: Do you have any comments on our proposal to simplify the LMSS equipment listings in the Exemption Regulations and IR2016?:
