

Further to our recent telephone conversation, I am forwarding the following information:

List of Active Self-help Transposers that we maintain:

- | | |
|---|--|
| 1. Nestle UK Ltd
TDG Bardon
Bardon 22
Beveridge Lane
Coalville
Leicestershire
LE67 1FB | 2. Blackburn Rovers FC
Ewood Park
Blackburn
Lancashire
BB2 4JF |
| 3. Land Rover Group Ltd
Lode Lane
Solihull
West Midlands
B92 8NW | 4. Glaxo Smith Kline
Greenford Road
Greenford
Middlesex
UB6 0HE |
| 5. Anzani House
Felixstowe West
c/o Felixstowe Council

Maintained via:
The Docks
Felixstowe, Suffolk
IP11 3SY | 6. Warrington
Bewsey Road
c/o TDG Warrington
(NB: This site not
maintained by Taylors) |

Brief Descriptions:

- | | |
|-------------------------|---|
| 1. Nestle, Coalville: | Installed due to reflections caused by warehouse. |
| 2. Blackburn Rovers FC: | New Jack Walker Stand caused one area to be affected by reflections and one area to be shadowed from the Transmitter. |
| 3. Land Rover UK: | Paint Shop Building caused one area to receive reflections and one area to be shadowed. |
| 4. Glaxo: | Buildings shadowed an area from the Main Transmitter. |
| 5. Felixstowe: | Large cranes at Port Side, which have continuous movement caused varying signal strength and quality from the Main Transmitter. |

We would propose to offer our clients a DTTV Survey to ascertain if the Digital services can be received as an alternative to Analogue reception from either the Main Transmitter or the Self-Help Transposer, but in certain instances this will be a problem:

- (i) Blackburn Rovers FC: The majority of viewers were served by the Darwen Transmitter prior to the Self-Help Transposer. The Darwen Transmitter does not Broadcast DDTV.
- (ii) Port of Felixstowe: The continuous movement of the Port-side cranes could prove problematic to an accurate DDTV survey.

We hope this information is sufficient to your requirements and await your advice on what action should be carried out to best serve our clients.

Kind regards

Barry Kearsley
