

Question 1: Do you agree with Ofcom's proposal to exempt users of Citizen's Band (CB) radio (and other related applications such as Community Audio Distribution) from the need to possess a Wireless Telegraphy Licence.: NEGATIVE!!! ABSOLUTELY NOT!!! The CB service, which I am just planning to rejoin after an absence of some 20 odd years, will be ruined if the licence requirement is removed. This service had a difficult beginning due to pathetic 80's management and has just managed to start a recovery. It needs to be licensed and it needs to be policed. Please don't bu**er it up again! Further to the above I certainly have no desire to be tuning around CB and come across some religious nutter spouting "the message" thank you.

Question 2: Do you agree with Ofcom's proposals to permit the use of 'Micro' FM transmitters in the UK, and to authorise that use by licence exemption.: Possibly, so long as they don't operate in an amateur band like the 433 mhz stuff.

Question 3: Do you agree with Ofcom's proposals to exempt users of High Density Fixed Satellite Services (HDFSS) terminals from the need to possess a Wireless Telegraphy Licence.: I don;t know enough to make an informed comment.

Question 4: Do you agree with Ofcom's proposals to exempt users of Inmarsat GAN terminals from the need to possess a Wireless telegraphy Licence.: I don't know enough to make an informed comment

Question 5: Do you agree with Ofcom's proposals to make available the frequency 24.05-24.25 GHz for use by short range radar (including automotive applications) devices on a licence-exempt basis.: Yes why not.

Question 6: Do you with Ofcom's proposals to make available the band 2.4 GHz-2.4385 GHz for movement detection systems.: Yes why not

Question 7: Do you with Ofcom's proposals to remove the need for users of most radar level gauge equipment to possess a Wireless Telegraphy Licence.: N/C

Question 8: Do you agree with Ofcom's proposals to exempt users Digital PMR 446 from the need to possess a Wireless telegraphy Licence.: Yes

Question 9: Ofcom would welcome comments on it proposals to implements these changes concerning short range devices.:

Question 10: Ofcom would welcome comments on it proposals to implement EC Decision 2005/928/.: IT IS AN UNDENIABLE FACT THAT WE ARE AN ISLAND AND PHYSICALLY CAN NOT BE A PART OF EUROPE THEREFORE I PROPOSE THAT WE SHOULD NOT IMPLEMENT ANYTHING TO COME INTO LINE WITH EUROPE JUST BECAUSE THEY SAY WE SHOULD.

Question 11: Ofcom would welcome comments on it proposals to implement EC Decision 2005/513/.: DITTO ABOVE

Question 12: Ofcom would welcome comments on any of the minor changes set out in this chapter and any other broader issues in relation to its approach to licence-exemption.: IICENSE EXEMPTION ON THE CB SERVICE WILL BE SECOND ONLY TO LIFETIME HAM LICENSES IN ITS LEVEL OF STUPIDITY. THE STANDARD OF BOTH WILL CRUMBLE!

Additional comments: UNDER NO CIRCUMSTANCES SHOULD RELIGIOUS GROUPS, BE THEY FOREIGN OR BRITISH, EVER BE ALLOWED TO TRANSMIT OPENLY ON CB OR ANY OTHER FREQUENCIES.
