

About this data: Fixed performance, Postcode unit area

To create our [Connected Nations 2021 report](#), Ofcom collected and analysed data from fixed telecoms operators. This file contains broadband performance data from operators. More information is available in [our methodology](#).

The performance data was collected as a snapshot in May 2021 and includes information based on the number of connections providing an active broadband service, as opposed to individual premises.

Due to variations in broadband performance over time, the file should not be regarded as a definitive and fixed view of the UK's fixed broadband infrastructure. However, the information provided in this file may be useful in identifying variations in broadband availability.

If you have any questions or feedback on the data please contact us at open.data@ofcom.org.uk.

We are providing this data on an open basis via the [Open Government Licence](#), which gives users various freedoms about how they choose to use the data, subject to conditions.

The files are provided as a Comma Separated Values file, with double quote (") text delimiters where applicable.

Performance data

Due to privacy concerns we have not presented the information in postcodes with less than four broadband connections. Where we have excluded the data for this reason, we have substituted the data with a null value. A total of 389,648 postcodes were entirely excluded from the data as the total number of records was not greater than four. No data was received for a further 171,766 postcodes, when compared to the National Statistics Postcode Lookup.

File name: 202105_fixed_pc_performance_r01_xx.csv where xx defines Postcode area

Total files in folder 202105_fixed_pc_coverage_r01: 121 files, for each postcode area in the UK

Total records across all files: 1 header row, 1,217,160 data rows

File size on disk (uncompressed): 135 MB (141,667,359 bytes)

Column headers and what they represent:

| Current headers | Note |
|--|--|
| postcode | Postcode with spaces removed, such as SE19HA |
| postcode_space | Postcode with single space, such as SE1 9HA |
| postcode area | Postcode area, such as SE |
| Median download speed (Mbit/s) | Median download speed (in Mbit/s) of all connections |
| Average download speed (Mbit/s) | Average download speed (in Mbit/s) of all connections |
| Maximum download speed (Mbit/s) | Maximum download speed (in Mbit/s) of all connections |
| Average download speed (Mbit/s) for lines < 10Mbit/s | Average download speed (in Mbit/s) of all connections that deliver speed less than 10Mbit/s |
| Average download speed (Mbit/s) for lines 10<30Mbit/s | Average download speed (in Mbit/s) of all connections that deliver speeds of 10Mbit/s or higher and less than 30Mbit/s |
| Average download speed (Mbit/s) for lines 30<300Mbit/s | Average download speed (in Mbit/s) of all connections that deliver speeds of 30Mbit/s to less than 300Mbit/s |
| Average download speed (Mbit/s) for SFBB lines | Average download speed (in Mbit/s) of all connections that deliver speeds of 30Mbit/s or greater |
